

DECEMBER 2014

Dear Distributor,

Year 2014 is soon history and we look forward to next year 2015. We are grateful for all your efforts and we hope our collaboration will continue to be beneficial to us all.

We have at Kibion during 2014 achieved our most important goals:

- ISO certification of the Bremen-site.
- Our subsidiary WAT is now fully integrated and called Kibion GmbH.
- Product development of a new IRIS platform, which will be launched in the beginning of 2015.

Working hours, Christmas and New Year.

The Kibion office in Uppsala will be closed between 23 of December until 7th of January.

The Kibion office in Bremen will be closed between 22nd of December until 5th of January. The service line (+49 160 9094 4520) to Bremen will be checked in case there is a technical request.

As always we are of course available on our mobile phones in case there are any urgent matters you need to have answered.
